RE: 2:13-CV-1265-APG-NJK

20 July 2013

Judge Gordon / U.S. Attorney

SIR, I would send a copy of this letter to the U.S. Attorney and the defendant or their counsel, but I have no fund or money to purchase copies of the postage. Where I am incarcerated the defendant's jail facility will not provide copies. I have to use the backs of court forms to write my letters or motions, the jail facility only provides four sheets of writing paper per week.

SIR, I would bring to your attention that currently I have filed for a TRO in this case. Currently at this date of this letter I am bleeding and leaking yellow fluid (infection) from wounds or skin tears or rips that are on my bottom or rear. Sir, I am a paraplegic paralyzed from the waist down, confined to a wheelchair. I am forced to sleep upon a metal bunk bed by the defendants at this jail facility. I have trouble turning myself at night or when I am on this metal bunk bed, I am chained a medical device (retractor) that can be attached to the bed so I could turn myself. I have a shoulder injury (right), (rotator cup and bone spurs) which has caused weakness in my right arm, it will not support any weight, so I am unable to turn myself. Pressure sores have developed on my

Bottom or Rear. So I have had to force myself to turn, by flopping over to force my body to turn over. THIS Flopping has caused SKINTERRS OR RIPS in my SKIN OR my REAR OR bottom. I have brought this to the attention of the defendants so-called medical staff, they have done nothing in treatment of the most recent SKINTERRS OR RIPS. I have written GRIEVANCES in the defendants Grievance system, which have been denied or not even heard. I have had SEVERAL OTHER INJURIES AT THE NEGLECTFUL ACTIONS OF the defendants.

I was placed at the defendants jail facility on May 10, 2013. I have to self catheterize to URINATE. MY FIRST 20 DAYS IN THE custody of the defendants I had to insert and withdraw a catheter without (KY-Jelly OR Lubrication) Five (5) times per day. THIS INCIDENT tore something in my penis CAUSING bleeding when I withdraw a catheter from my penis. I have been to this date 20 July 2013 in the custody of the defendants jail facility 20 days. I am still bleeding when voiding. I have constant pain in my bladder and abdominal areas. I have brought this problem to the attention of the defendants so-called medical staff. They have done little or nothing, they changed the size of catheters from 16 Fr to 14 Fr, I am still bleeding and still have pain. SIR, I have sent copies of medical Request slips with

some motions to have filed with your court as evidence.

Sure if you would grant me a hearing in your court, that I could be present, I could bring the evidence (me). I can show you the SKIN RIPS OR TEARS that bleed and will NOT HEAL. Also I would request that a hard copy of my total medical record at the CCA-DML facility be submitted as evidence by your courts. If a picture or photograph could be taken of the METAL bunk I am forced to sleep upon as evidence.

The defendants were notified on a Request for SICK call that the jail facility is NOT set up as a Hospital setting. THE jail facility can not handle my medical condition, so the defendants allow the plaintiff to be abused and injured by their continued negligent actions.

The Plaintiff (me) is forced by the defendants to live in a dormitory style quarters. I have to share toilet and shower facilities with 90 other people. I have open wounds that are bleeding and leaking infection out of toilet and shower seats. I am not given any cleaning materials to clean up the blood and pathogens by the defendants. The defendants are allowing infection and blood to spread to other people. My life and others are being placed in danger by these negligent abusive actions of the defendants.

(13)

THE DEFENDANTS ARE VIOLATING OCEA STANDARDS AND FEDERAL LAW.

SIR, I AM CURRENTLY WAITING TO BE MOVED TO A B.O.P. HOSPITAL TO SERVE OUT SEVEN MONTHS FOR PROBE VIOLATION. BUT BEING ABUSED AND FURTHER INJURED BY THE ACTIONS OF THE CIA DEFENDANTS WAS NOT PART OF MY SENTENCE. THE MONTHS ARE LEAVING ME AT THE DEFENDANTS JAIL FACILITY TO SERVE OUT MY 7 MONTH SENTENCE. SIR I AM A U.S. CITIZEN, I EVEN PAY TAXES, WHY DO I HAVE TO BE ABUSED AND INJURED??
